Summary of Faithful Shepherds  
1 Peter 5:1-4 (focal v2)  
Wayne Shelton

1 Peter 5:1-4 (focal v2)

Certainly, Peter understood the imagery when he called believers ‘*the flock of God*’ and summoned elders to ‘*shepherd*’ them. Since even believers are prone to wandering, taking in what is bad for them, becoming unclean and highly vulnerable, the demand for shepherds who are faithful and responsible is compelling. And when the church is under severe pressure, as it was in Peter’s day, it is in even greater need of strong, godly, effective shepherds. In this passage, Peter describes the calling of the shepherd and the nature of his work.
