Cherian - SIBBC - In India the academic year for colleges generally begins in June and ends in March of the next year. We have around 425 students in the college and seminary. The Christian Schools are doing well. The one has over 900 students. Inflation is a serious concern. Just feeding the members on campus is an increasing challenge. We are so thankful for the large donations that made the upgrade of the kitchen possible a few years ago. One of the school buildings needs a new roof estimated at more than \$20,000. We appreciate so many of you who have prayed and supported SIBBC through these 41 years to enable it to be what it is today. To God Be The Glory!
